

# GARDEN PERGOLA ARCH

## BOX TUBE METAL PILLAR TYPE, FOR 'LEAN TO' FIXING

The diagrams above show a 4 pillar/3 section 'lean to' pergola arch unit, with no hand rail height side bars. Also shown is a 2 pillar single arch section unit with a hand rail height side bar & a base level side bar. The box tube pillars supplied with this garden arch design have a standard above ground height of 80 inches, not including the iron finial top motif. Taller pillars can be supplied on request. These units are all bolt together designs & can be supplied in a self colour ironwork form or with a matt black paint finish. Each equal section of pergola arch can be supplied in a choice of length/depth range of: 39 inches to 74 inches.

### Please list your required dimensions:

TOP CURVE PROFILE DESIGN PATTERN: \_\_\_\_ (if type 'M' pattern please state height to wall fixing point)\_\_\_\_\_
