

# GARDEN PERGOLA ARCH

## BOX TUBE METAL PILLAR TYPE, FOR OPEN GROUND SITING

The diagrams above show an 8 pillar/ 3 section pergola arch design & with a type 'K' top curve profile design pattern. The box tube pillars supplied with this garden arch design have a standard above ground height of 80 inches, not including the iron finial top motif. Taller pillars can be supplied on request. These units are all bolt together designs & can be supplied in a self colour ironwork form or with a matt black paint finish. Each equal section of pergola arch can be supplied in a choice of length/depth range of 39 inches to 74 inches. Also diagrammed above is a special six pillar, two section Pergola/Gazebo design unit, which is available in up to a maximum arch width size of 120 inches.
